FOREWORD

Your Annual Staff of 1963 presents to you, the Students of Corona Senior High School, this year's Coronol. We have chosen for its theme, "Our City." We feel this theme best illustrates the pride all of us have for our city's high standards, its many traditions, and its rich landmarks.

The very existence of our school is dependent on this city. Corona has provided most of our student body, campus, and faculty. We, the students, hope to become intelligent and active citizens as we know the people of Corona wish us to become.

This book has captured many aspects of "Our City"—its community life, its businesses, its industries, its increasing population, and its progressive future. So as the pages of this 1963 Coronol unfold, your staff takes great pleasure in presenting—"Our City."

Your Coronol Staff 1963.

Linda,

You are the nicest girl I
know, except of course for Larcha,
Linda I hope we always remain
friends and maybe some day
become closer than that, maybe
God in all his wisdom grant my
wish because there is nothing
in this world I would like
better. Linda, I want you to
have all the fun and more
than I've had through my
years and I hope that someday
you will find a guy as sweet
and nice as the one I've found.
Linda, when it comes to boyfriends
don't take nothing but the best, believe
me you deserve the best phase.
Linda I ask for my little hoodlum
because you'll get nothing but
unhappiness from it, I know
that for Linda always be
happy try to always get your
wish. Best wishes to you
always. And say you every
wish be granted, may your
every desire be made yours.
Remember me Linda because I
love your brother.
Sincerely yours,
Chubby

Linda, (Gaya)

I'm glad that I've had the pleasure of knowing you, your lots of fun to be with. Remember all the fun we've had together, I'll never forget when they had the Senior, Junior fight! I really do hope no one was hurt. Also remember what we did for Hall senior when you went with Carlos and I went with Hector. I'll always remember when I told you some guy had asked me out and you turned out knowing more about him than I thought you did. Remember what we were going to do to Johnny and you couldn't go then with it (but neither could I). Linda you're my best friend I really do like you, I hope I'll be able to come and see you when you come to school after you had failed your drivers test. But I've known you could do it and you did. I hope we get to have a least a couple of classes together maybe we'll get Biology (haha) funny isn't it (not really). Anyway I hope I'll be your friend because I really like you for a friend, may you get out of life what you want because you really deserve it, because you're a real cute girl with the cutest laugh ever. Oh! I hope you get a girl with the dancing feet.

THE CLASS OF "1963."

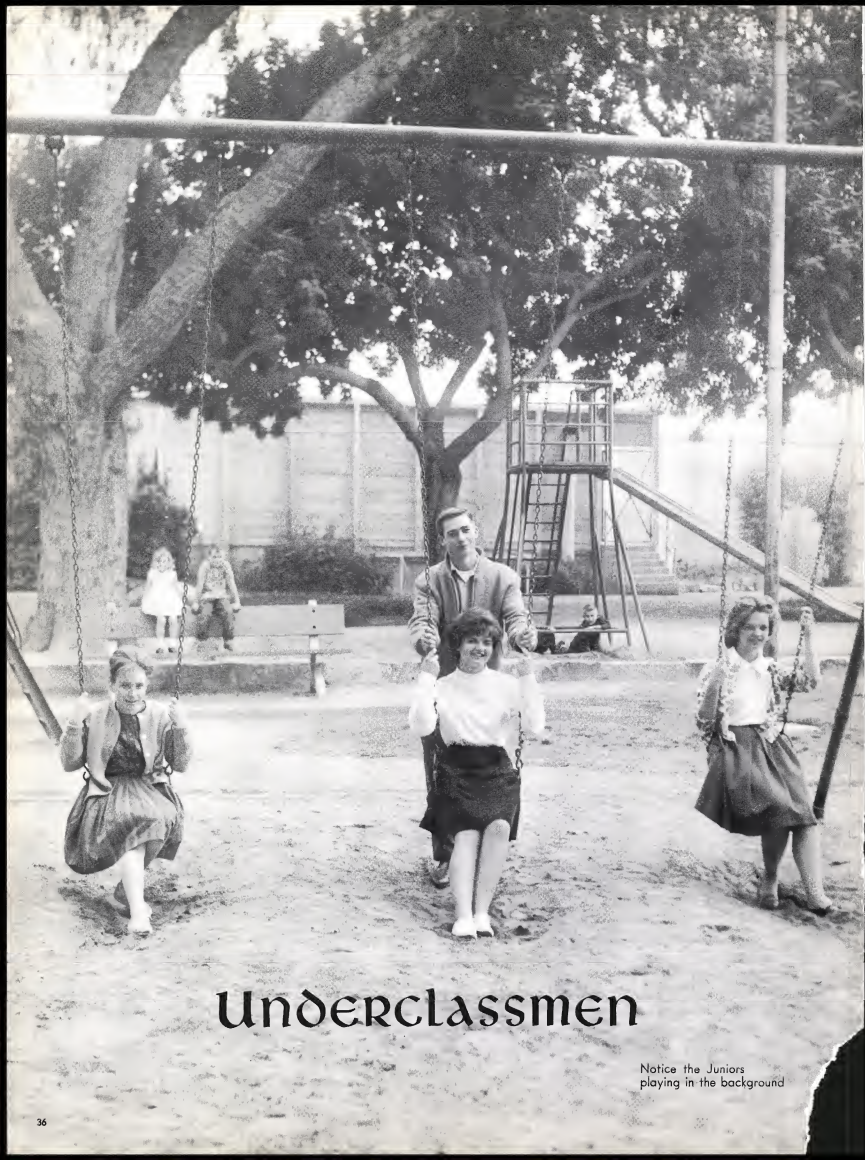

ALMA MATER

Let thy voice studly ringing,
Echo far and near
Songs of praise thy sons are singing
To Corona dear.

Years may dim our recollections,
Time its change may bring,
Still thy name in fond affection
Evermore we sing.

Chorus

Alma Mater Corona
We love thee
And thy love unfailing,
Forever.

SENIOR CORONA HIGH SCHOOL

In the fall of 1962, Uwe Keil, 18-year-old senior from Germany, became CHS's first foreign exchange student. Since that time, he has learned many things about America, and we have delighted in his interest in and enthusiasm for each new experience.

But, Uwe, more than anything else, we will remember what YOU taught US. We have discovered the sameness and oneness of people throughout our world. We have faced, for the first time, the challenge of meeting and accepting someone outside our own limited society, and we have enjoyed the satisfaction of making the adjustment. Above all else, we have begun to understand the necessity and the possibility of friendship between peoples of all nations, and we sense the beginning of learning what our part in this effort can be.

Our only hope is that we have given you as much. May you take back to your homeland our sincere thanks and our best wishes for a good and happy life.

To Mr. Pauly, a well known and loved man of Corona, a long-time member of our high school administration, and an outstanding organizer of our high school activities and sports for the past 26 years, we owe much appreciation and thanks.

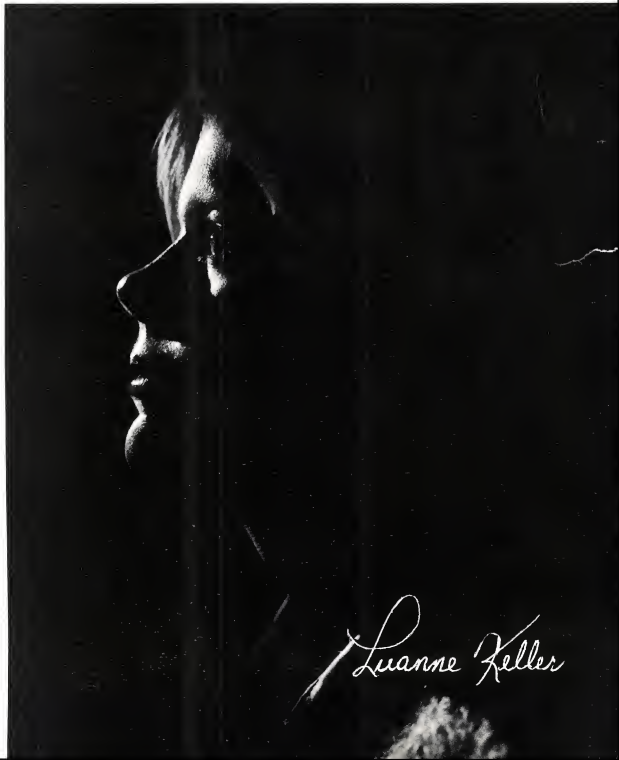

With Another Year Past

many wonderful experiences impressed upon our minds, a lot of patience spent, many pictures taken, and, finally, our deadlines met, we as your Coronal Staff, close the chapter to present to you your Coronal 1963. To many people I feel very grateful; first of all, to you, the student body, for giving me an experience I shall never forget, by electing me your editor; next, to the staff for all the fun we've had during those many hours in "our little room." Each of these people has contributed their own little characteristics which I would like to tell about. There was Dennis who had an amusing way of forever asking, "Is there any more artwork?"; Cherie and Pam were always willing and cheerful about accepting any job; Peg and Sandie diligently organizing the ads; Marcia and Madeline who always had very definite ideas when it came to any of our big decisions or problems (although they didn't always coincide with everyone else's); Sharon who always had a good sense of humor which kept us all in harmony; Kathy who would ask everyday, "Is there anything I can do?", as she sat in the corner hoarding her 8 o'clock snacks!

And then there was Marina who inevitably inquired, "Where are those calendar pages?" I would also like to extend special thanks to Rudy, our cameraman and honorary staff member, who never let us down. Last, but not least, to Mr. Pauly, whose constant encouragement and unfailing guidance we could not have managed without.

I would also like to take this opportunity to honor the memory of our two departed fellow students and friends, Rosie Hogge-Tommy Darnell. Each departed friend is a magnet that attracts us to the next world.

- 1996). The authors also found that the frequency of use of the Internet was positively related to the frequency of use of the telephone, and that the frequency of use of the Internet was negatively related to the frequency of use of the newspaper. These findings suggest that the Internet is becoming an important source of information for many people, and that it is being used in a way that is similar to the way in which the telephone and newspaper are used. This is consistent with the idea that the Internet is becoming a more integrated part of our daily lives, and that it is being used to complement other sources of information.
